

PICK YOURSELF UP

VERSE 1

Lift yourself from of the ground.
Don't stay there and mope around
When things go wrong sing a song
Lift yourself and move along
Beyond the clouds the stars will shine
Beauty around is yours and mine
The stars are bright with brilliant light
Enjoy yourselves you'll be alright

CHORUS

Pick up yourself move along
Face your journey just be strong
Pick up yourself go with courage
You will overcome
(Repeat chorus)

VERSE 2

Tomorrow is another day
The best is yet to come
Today may be sad
But tomorrow is gonna be fun
Life is just for living
Oh! it's a wonderful thing
The sun is shining in the sky
So don't give in
