

Walk away

Chorus

Walk away into the light
Walk away there's no need to fight.
It doesn't matter who's wrong or right
Just walk away walk away.

Verse1

Life's not an easy game to play
But I love to be a part of it.
Be at peace with everyone you meet.
Make a friend and show him the right.
It takes more than strength to hold back
And I know that for a fact

Verse2

Peace belongs to everyone of us
We should live it everyday
Spread the word around the world
We must live in harmony.
Life isn't always easy
That's what my mama told me.
